

# TURTLE SURVIVAL GAME

Play the game to learn about baby turtles and the hazards that they face when they hatch and run to the sea.

**HOW TO PLAY:** You need a counter (= baby turtle) for each player and a dice. Place all counters at Start. Throw the dice to see who goes first, the highest number starts. Take turns to roll the dice and move your baby turtle around the board. Follow the instructions on the turtles on which you land. The first turtle to finish is the winner. You do not need to roll the exact number to reach finish. Have fun!

Nest dug up by monitor lizard. Miss a turn.

Emerge at night. Move ahead one.

Baby turtles come out of the sand at night. They move towards the lighter sea and horizon.

Confused! Go towards light. Miss a turn.

Fall into tyre track. Miss a turn.

Still stuck in tyre track. Throw a 6 to get out.

Vehicles have been banned on most beaches and coastal dunes so as to protect plants and wildlife.

Rescued from rocks by researcher. Weighed and measured. Go forward 5 spaces.

Pause to take a rest. Miss a turn.

Meet hungry ghost crab! Run back 2 spaces.

Young turtles are preyed upon by many terrestrial and marine animals. Very few survive to adulthood.

Stuck in rocks. Miss a turn.

Damp sand. Run ahead 2 spaces.

Escape from octopus. Go ahead 2.

Shark! Swim fast! Go forward 1 space.

Uh-oh! A hungry seagull! Dive and miss a turn.

Safe at last! You SURVIVED!
